Put theory into practice

Finance Business Training (FBT) delivers globally recognised, innovative and industry-relevant programmes to students from over 150 countries around the world. We are passionate about nurturing future leadership talent, as is our royal patron, HRH Prince Michael of Kent GVCO.

The MSc Finance programmes bring an industry-focused, practical approach to your career development. Designed for finance graduates with experience in the field, they combine the expertise of award-winning lecturers, qualified accountants and experienced consultants.

To work in top-level strategic positions at the world's best-known organisations, you'll need practical experience and hands-on skills. This MSc Finance programme is all about giving you relevant, useful experience, quickly. Past graduates have gone on to work for KPMG, Accenture, IBM and Google, to name just a few.

You can also combine your MSc Finance with a professional qualification. Combining your degree course with ACCA, CIMA or CFA® gives you a competitive edge in the jobs market, equipping you with the skills that employers really want.

Career development

We work very closely with high profile corporate clients (including three of the four big accountancy firms). We regularly consult our industry contacts, in order to maintain the relevance of our programmes. Our corporate relationships also ensure that some of the most recognised names in the market take a keen interest in our graduates.

Networking

You'll have unparalleled networking opportunities at FBT. You have the flexibility to move between our international campuses, and network with more than 20,000 business students. Visit www.fbt-global.com for more details.

Practical and relevant

We are committed to developing programmes that reflect current economic conditions. The more relevant your skills and experience, the better equipped you'll be. MSc Finance is designed around industry experience and real-world case studies.

Flexible

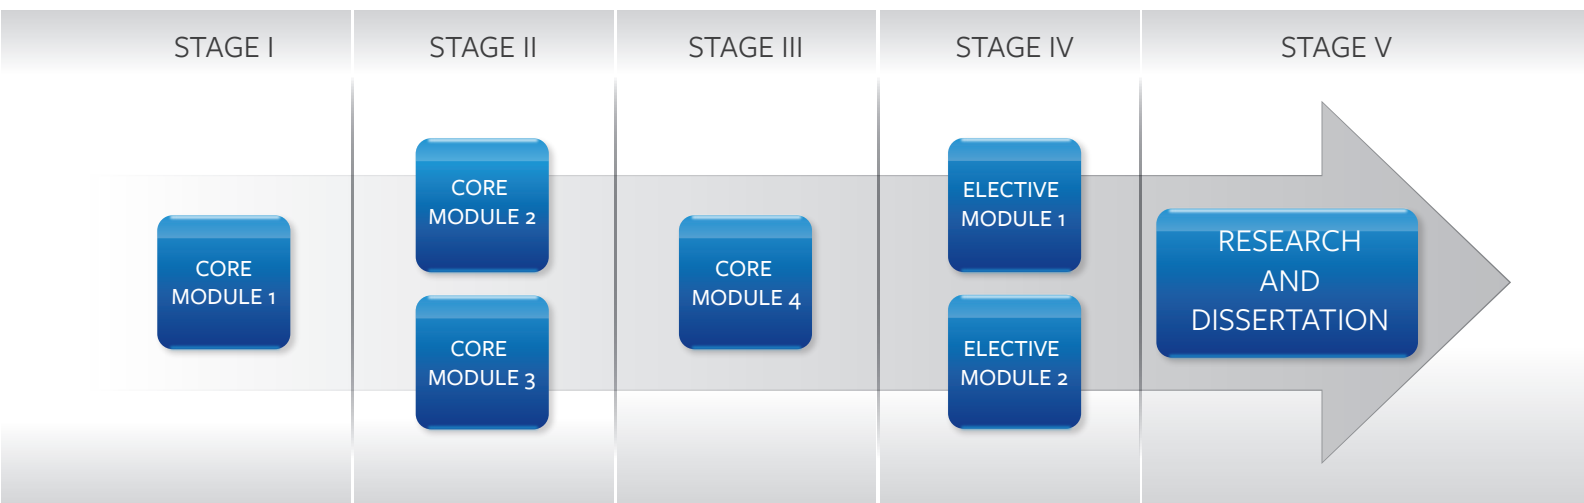

Flexibility is at the core of everything we do. We understand that you need to balance your studies with your existing commitments. With us you can study full-time or part-time, at your own pace. You can also choose between studying on campus or 100% online, through our award-winning InterActive platform.

Dual Programmes

Our Dual Programmes give you the chance to combine your degree with a professional qualification, such as ACCA, CIMA, CFA® or CIM. It's a powerful combination that gives you a competitive advantage in the jobs market.
